Guest Review

“Our family’s spring holiday at Villa Footprints was unforgettable. The architecture was stunning, but it was the little touches — morning lattes from the in-room espresso stations, and evening swims in the infinity pool — that made it so special. The staff arranged everything flawlessly, from a private yacht day to a beach barbecue under the stars. We left feeling completely refreshed and can’t wait to return with Haute Retreats for Spring 2026.” – The Carter Family, April 2025
